Designer Mark D. Sikes to Appear on Behalf of Greenwich Historical Society

Cos Cob, CT, January 4, 2017--The Greenwich Historical Society will host a Night of Beauty with celebrated interior designer Mark D. Sikes on February 9. Sikes will discuss the inspiration and creative process behind the sumptuous pages of his highly acclaimed new book *Beautiful* (Rizzoli), share his design philosophy and entertain queries at the end of the program.

Phenom Mark D. Sikes is known for designing fresh, sophisticated, indoor/outdoor spaces that perfectly balance beauty and function. Building on two decades in visual merchandising and marketing, Sikes parlayed his unique talent for creating exceptional environments into a highly successful interior design firm in 2012. His work has since graced top shelter magazines from *Architectural Digest* to *Veranda*. From his base in West Hollywood, California, he works with clients across the country, blogs on design and style, creates lines for Schumacher and Henredon, and even oversees MDS Stripes, a women's clothing line.

Don't miss this wonderful opportunity to meet a talent who has made a rapid and impressive ascent on the design scene. Tickets include a copy of *Beautiful*, and Sikes will sign books. Patron-level ticketholders will enjoy the opportunity of sharing an intimate supper with the designer following the event. A Night of Beauty is generously sponsored by *Fairfield County Look*, and all proceeds will benefit the Greenwich Historical Society.

February 9, 2017, 6:00 to 8:00 pm

The Field Club of Greenwich, 276 Lake Avenue, Greenwich, CT
