

## AN AMERICAN STORY: FINDING HOME IN FAIRFIELD COUNTY

**October 2 through January 6**

This fall we are thrilled to feature the award-winning exhibition, *An American Story: Finding Home in Fairfield County*, which highlights the experiences of refugees and immigrants who have built new lives in southwestern Connecticut. A series of photographic portraits and biographical narratives share how 10 individuals from Cambodia, Congo, Cuba, Hungary, India, Venezuela, Colombia, Rwanda and Syria have rebuilt their lives and created a sense of home. Seeking safety and opportunity here, refugees and immigrants from around the world have added to the fabric of our communities. Three of the featured individuals have settled in Greenwich. As our neighbors, coworkers, parents, artists, students, friends and many others from our town are included in a wall of historic and contemporary photos; they are part of the Greenwich community setting down roots of their own. The exhibition also honors the 100th anniversary of the Connecticut Institute for Refugees and Immigrants (CIRI), founded in 1918 to help new immigrants on their journey to making a home in Fairfield County.

Join us for programs in conjunction with the exhibition:

## THIS PLACE MATTERS Photo Contest 2019

This year, Greenwich photographers—professional and amateur alike—participated with artful, emotive and personal perspectives on the places in town that matter.

“This Place Matters” is a National Historic Trust campaign that encourages people to celebrate the places that are meaningful to them and to their communities. The campaign isn't just about photography; it's about telling the stories of the places we can't live without. Through “This Place Matters,” we hope to encourage and inspire an ongoing dialogue about the importance of place and preservation in all of our lives. This year's winners are featured below:

## FACES & PROFILES

### APPRECIATING KAREN FREDERICK

With gratitude, the Collections and Exhibitions committee members and staff bid farewell to Karen Frederick this summer. After almost 20 years, she is eager to explore other interests in her well-deserved retirement.

Karen first came to the Historical Society to work on the reinterpretation of Bush-Holley House in 2000 and soon fell in love with the collections, first as Collections Manager and then as Curator of Collections and Exhibitions. She has been a conscientious member of the Collections Committee and an uncompromising steward of Bush-Holley House.

Karen's passion for the special collections was evident in the many exhibitions she curated. *Flowers in Nature and Art*, *The Art of Japan*, *Enjoying the Country Life* and *Everyday Heroes* took Karen (and us along with her) on new and thoughtful paths to finding a sense of place in Greenwich. We wish Karen a rewarding and happy retirement and time for her many creative pursuits. We hope to see her from time to time in the place to which she has devoted so many of her myriad talents through the years.

### WELCOME CURATOR MAGGIE DIMOCK

This September, we are thrilled to welcome Maggie Dimock as our new curator. Maggie brings excellent credentials and experience working with collections, exhibitions, programming and teaching, most recently as Curator of Collections and Exhibitions at Alva de Mars Megan Chapel Art Center, Saint Anselm College, in Manchester, NH. She has honed her skills at

Winterthur Museum and the Library of Congress. Maggie holds an M.A. in the History of Decorative Arts from The Smithsonian/Corcoran College of Art and Design and a BA in Art History and Anthropology, magna cum laude, from St. Mary's College of Maryland. Her research background is American decorative art of the late-19th and early-20th centuries, chiefly focused on women artists of the Arts and Crafts era.
